Supervising Social Worker

Nicola Wills
Senior Supervising
Social Worker

Karen Lawrence
Senior Administrator

Emma Emery
Fostering Recruitment &
Panel Administrator

Hollie Simmons
Fostering Support Worker

Ebony Deas
Fostering Support Worker

What is Foster Care?

Foster care is when you live with an adult or family who will look after you when you are unable to live with your own family

Why do I have to move?

Children have to live in foster care for many different reasons. This is not because of something they have done. Children move into foster care, where they will be safe, when they can not live with their family.

Foster care means staying in a home with another person or family who will look after you.

You will have your own bedroom and space to play. There may be other children in the home who are older or younger who can also play with you.

Can you help colour in the tree house ?

My Foster Carers

Foster carers are special people who have been carefully chosen to look after children who can't live with their family.

Your foster carer will look after you and make sure that you are happy, healthy, safe and feel part of their family.

My carer looks after me by helping me understand new routines, taking me to school and making me delicious meals.

My Foster Carers' names are:

Can you draw a picture of your foster family

Can you draw a picture of your foster home

What is a social worker?

Your Own Social Worker

- Your own social worker works for the Local Authority, this is the area that you live in, you can ask your social worker more about this if you want.
- Your own social worker is someone who can help you and keep you safe and happy
- They visit you regularly and see you by yourself

Name

Telephone number

Fair Ways Social Worker

- Your foster carer has their own social worker who works for Fair Ways
- They make sure your foster carers are looking after you properly and have all the help you need.
- They will visit and talk to you to make sure you're happy and cared for.

Name

Telephone number

Family and Friends

"It is important for you to have access to your friends and family."

"Your foster carer and Fair Ways social worker will support you with visiting your family and friends."

"Your own social worker will speak to you about when you can see your family and friends."

"You should talk to your own social worker about who you want to see and how often so they can try and make sure this happens."

How long will I stay here for?

Your social worker will have written a plan for you, this is called a 'Care Plan' and includes everything that's important to you such as your school, your health, and when you see your family and friends and how long you will stay with your foster family for.

Education and Health

What about nursery or school?

If you are already at nursery or school, we will try to work out if it is best for you to move to a new nursery or school or stay at your old one.

Your teacher will know that you have gone to live with a foster carer, but it is your choice if you want to tell other people.

If you have any problems or difficulties at school, you must tell your teacher, family, foster carer, or your own social worker.

If you are feeling poorly your foster carer will take you to the Doctors. You may have to see a nurse too. The nurse is for all children in foster care to make sure you are healthy and happy.

"I like school because it is where I learn new things and make new friends. I can play with my friends and take part in sports activities and clubs after school."

Can you colour in the school?

Happy Household

Like every family, your foster family will have rules for inside and outside of the house which they may ask you to follow.

These are in place so everyone can live together in a safe and happy way.

"I have to follow rules in my new home. My foster carer asks me to brush my teeth twice a day and my bed time is at 7 o'clock."

What are your foster carer's rules?

Can you write them down in the stars to help you remember?

Wishes and Feelings

What if I am sad?

We want to know if you have any problems at all, whether you are worried about something in your foster home or at school or with your own family.

There are lots of people you can talk to if you are feeling worried, frightened or sad, for example:

Foster Carer

Teacher

Fair Ways Social Worker

Ofsted

Your own Social Worker

" I felt sad when I moved in with my foster family, and you also might find be feeling sad to leave your family. I spoke to my foster carer and social worker about how I was feeling and this helped me a lot."

If you find it difficult to talk about how you feel, you can circle the face which shows how you're feeling today:

Sad

Confused

Happy

Who else can you talk to?

Sometimes there may be a problem that you don't feel able to share with anybody you know. You may want to talk to someone who is not from Fair Ways. You can always talk to an adult at school that you trust, a support worker that visits you or any adult you feel comfortable speaking to. There are also other people who would be happy to talk to you, we have put their numbers below.

Ofsted

Telephone number: 0300 123 1231
Email: enquiries@ofsted.gov.uk

The Children's Commissioner

Telephone number: 020 7783 8330
Email: info.request@childrenscommissioner.gov.uk
